

a). Amendment to the Claims

Claims 1-15 (Cancelled)

16. (Currently Amended) A pharmaceutical composition comprising a pharmaceutically acceptable carrier and drug an indolocarbazole derivative encapsulated in a liposome with an average particle size of 120 to 500 nm, ~~and~~ said liposome consisting of ~~at least one lipid~~ lipid(s) selected from the group consisting of (i) hydrogenated soybean phosphatidylcholine, ~~distearoyl phosphatidylcholine~~ and (ii) mixed lipids of hydrogenated soybean phosphatidylcholine and polyethylene glycol-modified phospholipid.

Claims 17-18 (Cancelled).

19. (Currently Amended) The pharmaceutical composition according to claim 16, wherein the lipids are mixed lipids of hydrogenated soybean phosphatidylcholine and polyethylene glycol-modified phospholipid.

20. (Currently Amended) The pharmaceutical composition according to claim 16, wherein the lipids are [distearoyl] hydrogenated soybean phosphatidylcholine [and polyethylene glycol-modified phospholipid].

Claims 21-34 (Cancelled).

35. (Currently Amended) The pharmaceutical composition according to any one of claims 16, 19 or 20, wherein said liposome comprises at least two bilayers of said ~~lipid~~ lipid(s).

Claims 36-41 (Cancelled)

42. (Currently Amended) A liposome preparation encapsulating ~~a drug~~ an indolocarbazole derivative, comprising liposomes with an average particle size of 120 nm to 500 nm, wherein the liposomes ~~are formed of lipid~~ consists of lipid(s) selected from the group consisting of (i) hydrogenated soybean phosphatidylcholine, ~~distearoyl phosphatidyleholine~~ and (ii) mixed lipids of hydrogenated soybean phosphatidylcholine and polyethylene glycol-modified phospholipid.

43. (Currently Amended) The liposome preparation according to claim 42, wherein the ~~lipid is~~ lipids are mixed hydrogenated soybean phosphatidylcholine and polyethylene glycol-modified phospholipid.

44. (Currently Amended) The liposome preparation according to claim 42, wherein the lipid is [distearoyl] hydrogenated soybean phosphatidylcholine [and polyethylene glycol-modified phospholipid].

Claims 45-48 (Cancelled).
